# Webliography

The Webliography is an electronic bibliographic listing of topics related to the qualification titles of a particular TVET priority sector, with pre-searched *URLs* (uniform resource locators) and descriptions (abstracts).

The pre-searched *URLs* provide contents in reference to the title of promulgated Training Regulations (TR). By clicking the weblinks (underlined *URLs* in blue text), your internet browser will direct you to the website/webpage where you can find the topic related to the title you selected. The Webliography is a useful tool for trainers who are designing and developing competency-based curriculum and learning materials.

#### ❖ Definition of decorative arts

[http://en.wikipedia.org/wiki/Decorative\\_arts](http://en.wikipedia.org/wiki/Decorative_arts)

This webpage defines decorative arts as arts or crafts concerned with the design and manufacture of beautiful objects that are also functional. It includes interior design, but not usually architecture. The decorative arts are often categorized in opposition to the "fine arts", namely, painting, drawing, photography, and large-scale sculpture, which generally have no function other than to be seen.

### Jewelry Making (Fine Jewelry) NC II and NC III

#### ❖ Jewelry

<http://en.wikipedia.org/wiki/Jewellery>

This webpage describes jewelry as small decorative items worn for personal adornment, such as brooches, rings, necklaces, earrings, and bracelets. Jewellery may be attached to the body or the clothes, and the term is restricted to durable ornaments, excluding flowers for example. For many centuries metal, often combined with gemstones, has been the normal material for jewellery, but other materials such as shells and other plant materials may be used. It is one of the oldest type of archaeological artefact – with 100,000-year-old beads made from Nassarius shells thought to be the oldest known jewellery
