Webliography

The Webliography is an electronic bibliographic listing of topics related to the qualification titles of a particular TVET priority sector, with pre-searched *URLs* (uniform resource locators) and descriptions (abstracts).

The pre-searched *URLs* provide contents in reference to the title of promulgated Training Regulations (TR). By clicking the weblinks (underlined *URLs* in blue text), your internet browser will direct you to the website/webpage where you can find the topic related to the title you selected. The Webliography is a useful tool for trainers who are designing and developing competency-based curriculum and learning materials.

INTERNET RESOURCES

Maritime Sector

Scope:

A seaman seeking work usually goes to a manning agency ready with all the needed documents. Instead of a working visa, a seaman is given a transit visa. The length of application process will depend if there is a job order. A hired seaman will get a contract of 4 months-10 months. The highest crew position (Captain) can earn up to US\$ 4000 a month and the lowest position (Messman) can earn up to US\$ 350. Working hours are from 8-12 hours a day.
