ADVISORY

24 November 2021

Name of Projects: **Procurement of Starter Toolkits for the Implementation of FY 2020 Special Training for Employment Program (STEP) – Negotiated Procurement (Two-Failed Biddings) – Lots 1, 2, 3, 4, 5, 6, 7, 9, 12, 13, and 21**

This is in line with the internet connection outage by 1:00 p.m. particularly on the connection of TESDA Women's Center (TWC). The IT support from the TESDA-TWC affirmed that there was an equipment failure. Said equipment will be replaced by tomorrow, 25 November 2021.

Since the venue for the negotiation is at Gabriela Silang Room, TESDA Women's Center (TWC) Building, East Service Road, South Luzon Expressway, Taguig City, the internet connection of TWC Building heavily relied on the internet connection from the DICT.

In its meeting on 24 November 2021, the BAC agreed that the negotiation for the abovementioned procurement will be conducted once the issue on the internet connection is addressed. The observers and the bidders were advised via e-mail on the same day.
