BID BULLETIN NO. 1

Pre-bid Minutes of Meeting

Date : 31 March 2025
Time : 10:00 AM
Venue : via Zoom

Highlights of the Meeting:

1 Welcome Remarks & Introduction

DDG Felizardo R. Colambo, the Bids and Awards Committee ("BAC") Chairperson chaired the Pre-bid meeting. Prospective bidders were welcomed, and their representatives were requested to introduce themselves.

2 Reading of the House Rules

The BAC Secretariat read the rules governing the conduct and decorum of participants during the presentation.

3 Presentation of Project Background / SIPTVETS

Before discussing the specifics of the project, an overview of the SIPTVETS civil works packages was presented to the prospective bidders to provide important context and encourage their participation for future opportunities.

4 Discussion of Project-Specific Information

The following information were discussed in detail to the prospective bidders:

- Overview of the project site / Schematic perspective
- Site information and challenges
- Vicinity map and site conditions
- Design and build Scope of works
- Rehabilitation / repair works

5 Discussion on Bidding Procedures and Guidelines

The following information were discussed in detail to the prospective bidders:

- Bidding timeline
- Composition of the bidding documents
- Select clauses in Section 1. Instructions to Bidders

- Select clauses in Section 2. Bid Data Sheet
- Each criteria for evaluation under Section 3, including its corresponding forms under Section 4
- Other requirements under Section 2, 4 and 6.
- Key requirements for technical proposal
- Schedules for Price Proposal under Section 4
- Bid Securing Declaration & Bid Security

6 Recap of Important Dates and Joint Site Visit

The BAC Secretariat provided a recap of key bidding milestones that had been presented earlier.

Prospective bidders were encouraged to attend the joint site visit on April 7, 2025 (10:00 AM) at Northern Mindanao School of Fisheries.

7 Reminder on Purchase of the Bidding Document

Prospective bidders were reminded to purchase a copy of the bidding document before the submission deadline.

Question and Answers

Prospective bidders raised questions/clarifications during the meeting, and the following responses were given:

- In the ITB 20.1, the Prospective bidders must submit one (1) printed copy ("COPY") of the Official bidding Documents and one (1) electronic copy saved in a universal serial bus (USB).
- No design is to be submitted by the bid submission deadline. The
- Bidding document contains a conceptual or schematic design that the Contractor may utilize for cost estimation.
- The Contractor is responsible for design and construction. TESDA's design consultant reviews and recommends approval of the contractor's design to TESDA.
- Bidders are advised to refer to Section 6, Employer's Requirements, and Section 7 , General Conditions of Contract, for the design and approval process.
- A special PCAB license is not necessary for bid submission. However, once the contract is awarded, the JV (Joint Venture) must submit a copy of its Special PCAB License to TESDA, especially for the awarded works.
- The Bidding Documents were uploaded in the Philgeps and TESDA Website for information and Reference

SECTION 1. Instructions to Bidders

4. Eligible Bidders

4.1 A Bidder may be a natural person, private entity, or government-owned enterprises subject to ITB 4.5-or any combination of them with a formal intent to enter into an agreement or under an existing agreement in the form of a Joint Venture. In the case of a Joint Venture:

- (a) all partners shall be jointly and severally liable; and
- (b) the Joint Venture shall nominate a Representative who shall have the authority to conduct all business for and on behalf of any and all the parties of the Joint Venture during the bidding process and, in the event the Joint Venture is awarded the Contract, during contract execution.

11.2 In addition to the requirements under ITB 11.1, Bids submitted by a Joint Venture shall include a copy of the Joint Venture Agreement entered into by all partners. Alternatively, a Letter of Intent to execute a Joint Venture Agreement in the event of a successful Bid shall be signed by all partners and submitted with the Bid, together with a copy of the proposed agreement.

SECTION 1. Instructions to Bidders

7. Clarification of Bidding Document, Site Visit, Pre-Bid Meeting

7.1 A prospective Bidder requiring any clarification on the Bidding Document shall contact the Employer in writing at the Employer's address indicated in the BDS or raise his inquiries during the pre-bid meeting if provided for in accordance with ITB 7.4. The Employer will respond in writing to any request for clarification, provided that such request is received prior to the deadline for submission of bids, within a period given in the BDS.

7.2 The Bidder is advised to visit and examine the Site of Works and its surroundings and obtain for itself, on its own risk and responsibility, all information that may be necessary for preparing the Bid and entering into a contract for construction of the Works. The costs of visiting the Site shall be at the Bidder's own expense.

SECTION 1. Instructions to Bidders

8. Amendment of Bidding Document

- 8.1 At any time prior to the deadline for submission of Bids, the Employer may amend the Bidding Document by issuing addenda.
- 8.2 Any addendum issued shall be part of the Bidding Document and shall be communicated in writing to all who have obtained the Bidding Document from the Employer in accordance with ITB 6.3.

12. Letter of Bid and Schedules

- 12.1 The Letter of Bid, Schedules, and all documents listed under Clause 11, shall be prepared using the relevant forms in Section 4 (Bidding Forms), if so provided. The forms must be completed without any alterations to the text, and no substitutes shall be accepted. All blank spaces shall be filled in with the information requested and as required in the BDS.

SECTION 1. Instructions to Bidders

16. Documents Comprising the Technical Proposal

16.1 The Bidder shall furnish a Technical Proposal including a statement of work methods, equipment, personnel, schedule, environmental, health and safety (EHS) management commensurate with the proposed scope of works, EHS Code of Conduct, and any other information as stipulated in Section 4 (Bidding Forms), in sufficient detail to demonstrate the adequacy of the Bidders' proposal to meet the work requirements and the completion time.

SECTION 1. Instructions to Bidders

► DTI-registered

- If signatory is the sole proprietor, no need to submit an authorization.
- If through authorized representative, submit a notarized SPA.

► SEC-registered

- Single Entity
 - Board resolution
 - Secretary's Certificate
- **Joint Venture**
 - Authority of the JV representative (*through JV Agreement or Letter of Intent to form a JV*)
 - Written authority of JVA Signatory of JV Partner 1 (Board resolution or Secretary's Certificate)
 - Written authority of JVA Signatory of JV Partner 2 (Board resolution or Secretary's Certificate)

20. Format and Signing of Bid

20.1 The Bidder shall prepare one original set of the documents comprising the Bid as described in ITB 11 and clearly mark it "ORIGINAL." Alternative Bids, if permitted in accordance with ITB 13, shall be clearly marked "ALTERNATIVE." In addition, the Bidder shall submit copies of the Bid in the number specified in the BDS, and clearly mark each of them "COPY." In the event of any discrepancy between the original and the copies, the original shall prevail.

20.2 The original and all copies of the Bid shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Bidder. This authorization shall consist of a written confirmation as specified in the BDS and shall be attached to the Bid. The name and position held by each person signing the authorization must be typed or printed below the signature. If a Bidder submits a deficient authorization, the Bid shall not be rejected in the first instance. The Employer shall request the Bidder to submit an acceptable authorization within the number of days as specified in the BDS. Failure to provide an acceptable authorization within the period stated in the Employer's request shall cause the rejection of the Bid. If either the Letter of Bid or the Bid-Securing Declaration (if applicable) is not signed, the Bid shall be rejected.

SECTION 1. Instructions to Bidders

E. Evaluation and Comparison of Bids

26. Confidentiality

26.1 Information relating to the examination, evaluation, comparison, and postqualification of Bids and recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with such process until the publication of Contract award.

26.2 Any attempt by a Bidder to influence the Employer in the evaluation of the Bids or Contract award decisions may result in the rejection of its Bid.

26.3 Notwithstanding ITB 26.2, from the time of bid opening to the time of Contract award, if any Bidder wishes to contact the Employer on any matter related to the bidding process it may do so in writing.

27. Clarification of Bids

27.1 To assist in the examination, evaluation, and comparison of the bids, and qualification of the Bidders, the Employer may, at its discretion, ask any Bidder for a clarification of its Bid. Any clarification submitted by a Bidder that is not in response to a request by the Employer shall not be considered. The Employer's request for clarification and the response shall be in writing. No change in the prices or substance of the Bid shall be sought, offered, or permitted, except to confirm the correction of arithmetic errors discovered by the Employer in the evaluation of the Bids, in accordance with ITB 31.

27.2 If a Bidder does not provide clarifications of its Bid by the date and time set in the Employer's request for clarification, its Bid may be rejected.

Section 3. Evaluation & Qualification Criteria

1.1 Adequacy of Technical Proposal

- Method Statements 1 to 5

METHOD STATEMENT 1 THE BIDDER'S APPROACH FOR DETAILED DESIGN WORKS

The Method Statement shall, as a minimum, include the following details. Each section should provide clear and comprehensive responses to ensure alignment with the Employer's requirements.

A. Site Investigations, Surveys, and Studies. The bidder must provide a detailed list of all site investigations, surveys, and studies that will be conducted, ensuring consistency with Section 6 of the Bidding Documents, including timeline and schedule for carrying out these site investigations, surveys, and studies. Any omission as to required site investigations, surveys, and studies in Section 6 Employer's Requirements may be a ground for rejection of the bid.

Bidder's Response: [insert response, do not leave blank]

B. Design Approach. The bidder must outline their approach to design works which shall include, as a minimum, approach and methodology in updating the schematic design in Section 6 Employer's Requirements, and the detailed architectural and engineering design. A detailed design work schedule must be provided highlighting major milestones, submission and approval timelines.

Bidder's Response: [insert response, do not leave blank]

C. Sustainability and Green Design Features. The bidder must demonstrate their approach to incorporating sustainable building design. Please check design considerations provided in Section 6 Employer's Requirements.

Bidder's Response: [insert response, do not leave blank]

D. Climate-smart, gender-responsive, and accessible designs. The bidder must demonstrate their approach to incorporating climate-smart features, gender-responsive/inclusive and accessible designs.

Bidder's Response: [insert response, do not leave blank]

Note to bidders: Responses must be detailed, clear, and aligned with Section 6 of the Bidding Documents.

Section 3. Evaluation & Qualification Criteria

1.1 Adequacy of Technical Proposal

- Method Statements 1 to 5

METHOD STATEMENT 2 THE BIDDER APPROACH ON ENVIRONMENTAL, HEALTH, SAFETY AND SAFEGUARDS REQUIREMENTS

The Method Statement shall, as a minimum, include the following details. Each section should provide clear and comprehensive responses to ensure alignment with the Employer's requirements.

A. Environmental Management Approach. The bidder must describe approach to minimizing environmental impacts during the design and construction phases. The response should address:

- Contractor's Environmental Management Plan outlining the following:
 - Workers' accommodation/facilities plan
 - Occupational Health and Safety Management Plan
 - Emergency response plan
 - Waste management and disposal methods
 - Traffic Management Plan
 - Plan for mobilization (especially the turnover of land for construction), maintenance and de-mobilization of contractor's facilities and equipment,
- Compliance with environmental laws and regulations and securing necessary permits prior to construction of the Regional TVET Innovation Center;
- Compliance with the National Building Code of the Philippines;
- Pollution prevention measures (air, water, and soil protection)
- Strategies to mitigate noise, dust, and emissions
- Energy and water conservation strategies

Note: Please read and refer to Annex F. Initial Environmental Examination

Bidder's Response: [insert response, do not leave blank]

B. Health and Safety Approach. The bidder must describe the approach to ensure health and safety of workers at site.

Note: Please read and refer to all safety requirements in Section 6. Employer's Requirements and Annex F. Initial Environmental Examination for mitigating measures on the hiring and mobilization of workers.

Bidder's Response: [insert response, do not leave blank]

C. Safeguards Approach The bidder must outline strategies to protect workers and surrounding communities from project-related risks. As a minimum, the response should address:

- Securing of permits and clearances from relevant government agencies including permits from the local government unit (LGU) if applicable, prior to construction;
- Compliance with labor requirements on terms and conditions of wages and working time, labor accommodations and workers' facilities;
- Non-discrimination and equal opportunity;
- Compliance with Republic Act. No. 6685 Section 1 as regards hiring of residents in the province, city and municipality where project is located;
- Stakeholder engagement and complaint management including worker grievance mechanism

Note: Please refer to ADB's Social Safeguards Policy (2009) <https://www.adb.org/sites/default/files/institutional-document/32056/safeguard-policy-statement-june2009.pdf>

Bidder's Response: [insert response, do not leave blank]

D. Climate Adaptation and Disaster Risk Reduction The bidder must describe measures to incorporate climate resilience and disaster risk reduction in the project, including:

- Flood and stormwater management strategies
- Design adaptations for extreme weather events
- Fire safety and prevention measures during construction
- Earthquake-resistant design considerations

Bidder's Response: [insert response, do not leave blank]

Note to bidders: Responses must be detailed, clear, and aligned with Section 6 of the Bidding Documents.

Section 3. Evaluation & Qualification Criteria

1.1 Adequacy of Technical Proposal

- Method Statements 1 to 5

METHOD STATEMENT 3 THE BIDDER'S APPROACH AND METHOD IN TEMPORARY TRAFFIC MANAGEMENT

The Method Statement shall, as a minimum, include the following details. Each section should provide clear and comprehensive responses to ensure alignment with the Employer's requirements.

A. Traffic Management. The bidder must outline its overall approach to temporary traffic management on access roads and at site, including describing the specific temporary traffic control measures to be implemented.

Bidder's Response: *[insert response, do not leave blank]*

B. Traffic Safety Measures and Risk Management. The bidder must outline its strategy for ensuring the safety of road users and site personnel. As a minimum, this should include:

- Site access to the people/community, pedestrian access, and traffic flow plans
- Safety and protection measures
- Emergency response protocols
- Public awareness measures
- Stakeholder coordination
- Restoration of affected roads to pre-construction condition (if applicable)
- Monitoring effectiveness of traffic management measures

Bidder's Response: *[insert response, do not leave blank]*

Note to bidders: Responses must be detailed, clear, and aligned with Section 6 of the Bidding Documents.

Section 3. Evaluation & Qualification Criteria

1.1 Adequacy of Technical Proposal

- Method Statements 1 to 5

METHOD STATEMENT 4 THE BIDDER'S APPROACH AND METHOD IN RENOVATION / REHABILITATION OF EXISTING FACILITY

The Method Statement shall, as a minimum, include the following details. Each section should provide clear and comprehensive responses to ensure alignment with the Employer's requirements.

A. Rehabilitation Approach and Timeline. The bidder must outline its overall approach to the rehabilitation of the existing facility. This should include a clear, step-by-step sequence of activities, along with a detailed timeline for the execution of each phase. The bidder should demonstrate an understanding of the project's requirements and provide a methodology that ensures timely and efficient completion.

Bidder's Response: *[insert response, do not leave blank]*

Risk Management. The bidder must outline potential risks (i.e. vacating existing occupants, dismantling of any affected structures, planning and coordinating for relocation of any affected utilities, renovation during rainy season etc.) and describe how these will be mitigated. Costs associated with clearing and/or relocation of affected structures or utilities, should be covered by the bidder.

Bidder's Response: *[insert response, do not leave blank]*

Section 3. Evaluation & Qualification Criteria

1.1 Adequacy of Technical Proposal

- Method Statements 1 to 5

METHOD STATEMENT 5 THE BIDDER'S APPROACH AND METHOD IN CONSTRUCTION OF NEW FACILITY

The Method Statement shall, as a minimum, include the following details. Each section should provide clear and comprehensive responses to ensure alignment with the Employer's requirements.

A. Construction Approach and Timeline. The bidder must provide a high-level description of the construction methodology. Highlight key construction processes, innovative techniques, and strategies to ensure quality and sustainability. Emphasize how the work will be organized and streamlined for efficiency, including how site preparation, material procurement, and labor resources will be managed.

Bidder's Response: *[insert response, do not leave blank]*

Sequence of Activities. Outline the key phases of the project with a clear sequence of tasks to be undertaken. Please refer to Section 6. Employer's Requirements.

Bidder's Response: *[insert response, do not leave blank]*

B. Risk Management. The bidder must outline potential risks and outline the strategies in place to mitigate these risks and ensure the project stays on track.

Bidder's Response: *[insert response, do not leave blank]*

It applies to all our staff, labourers and other employees at the Works Site or other places where the Works are being carried out. It also applies to the personnel of each subcontractor and any other personnel assisting us in the execution of the Works. All such persons are referred to as "Contractor's Personnel" and are subject to this EHS Code of Conduct.

This EHS Code of Conduct identifies the behavior that we require from all Contractor's Personnel.

Our workplace is an environment where unsafe, offensive, abusive or violent behavior will not be tolerated and where all persons should feel comfortable raising issues or concerns without fear of retaliation.

REQUIRED CONDUCT

Contractor's Personnel shall:

1. carry out his/her duties competently and diligently;
2. comply with this EHS Code of Conduct and all applicable laws, regulations and other requirements, including requirements to protect the health, safety and well-being of other Contractor's Personnel and any other person;
3. maintain a safe working environment including by:
 - (a) ensuring that workplaces, machinery, equipment and processes under each person's control are safe and without risk to health;
 - (b) wearing required personal protective equipment;
 - (c) using appropriate measures relating to chemical, physical and biological substances and agents; and
 - (d) following applicable emergency operating procedures.
4. report work situations that he/she believes are not safe or healthy and remove himself/herself from a work situation which he/she reasonably believes presents an imminent and serious danger to his/her life or health;
5. treat other people with respect, and not discriminate against specific groups such as women, people with disabilities, migrant workers or children;
6. report violations of this EHS Code of Conduct; and

7. not retaliate against any person who reports violations of this EHS Code of Conduct, whether to us or the Employer, or who makes use of the grievance mechanism for Contractor's Personnel or the project's Grievance Redress Mechanism.

RAISING CONCERNS

If any person observes behavior that he/she believes may represent a violation of this EHS Code of Conduct, or that otherwise concerns him/her, he/she should raise the issue promptly. This can be done by call [] to reach the Contractor's hotline (if any) and leave a message.

The person's identity will be kept confidential, unless reporting of allegations is mandated by the country law. Anonymous complaints or allegations may also be submitted and will be given all due and appropriate consideration. We take seriously all reports of possible misconduct and will investigate and take appropriate action. We will provide warm referrals to service providers that may help support the person who experienced the alleged incident, as appropriate.

CONSEQUENCES OF VIOLATING THE ENVIRONMENTAL, HEALTH AND SAFETY CODE OF CONDUCT

Any violation of this EHS Code of Conduct by Contractor's Personnel may result in serious consequences, up to and including termination and possible referral to legal authorities.

FOR CONTRACTOR'S PERSONNEL:

I have received a copy of this EHS Code of Conduct written in a language that I comprehend. I understand that if I have any questions about this EHS Code of Conduct, I can contact [enter name of Contractor's contact person(s) with relevant experience] requesting an explanation.
