Source: TESDA-ICTO | Data generated from T2MIS, as of June 2023  
 Note: The number of graduates have spillover from the 2022 enrollees

As of the 2nd quarter of 2023, the overall progress for the accomplishment rate for the target number of enrollees rose to 28%, noting of a 20.92% increase from the previous quarter. To which, Region II still leads by being the only area to have met the prescribed accomplishment rate of 50% relative to the time of the year.

Although, the Region II might have secured its lead in terms of percentages, in terms of raw amount, Region VIII takes the lead by having roughly over an 11x fold increase from its previous figure. Further detailing this instance with Region VIII, their previous accomplishment rate was just at 3.87% to its current figure of 46.70%.

**Table 1b.** Number of Graduates by Region and Sex: 2nd Quarter 2023

For the 2<sup>nd</sup> quarter, the overall raw output of the regions increased by 194% from the previous quarter; the overall accomplishment rate has increased by 16.37%. But it should be noted that despite their increases, they still fall short of their prescribed targets to be able to meet the ideal accomplishment rate of 50%.

Despite the fact that no Region was able to meet the prescribed rate, it should be noted that they made some excellent improvement based on their previous figures of the last quarter. Most notably with Region VIII which made a 34% increase. This is then followed by Region II with a 28.75% then by CARAGA with 25.18%.

Note: The number of graduates have spillover from the 2022 enrollees

For the 2nd quarter, about 18% increase in the accomplishment rate of assessed and certified individuals. The accomplishment rate for assessed and certified are only 32,.28% and 32.56 respectively, falling short of the ideal target of 50% in respect to the time of the year. Moreover, the certification rate is at 97.77% compared to the 92.32% last quarter.

Source: TESDA-ICTO | Data generated from T2MIS, as of March 2023

For the 2nd quarter, the Community-based still has the highest number of enrollees comprising over 46% share of the overall output.

Detailing this, the overall total of the Community-based enrollees alone still outnumbers the combined total of both Institution-based and Enterprise-based. The same story can be said with the number of graduates where in which the combined total still falls short by 21%.

The number of total enrollees for the 2nd semester rose to almost 300% compared to the previous quarter; but it should be taken note that although it has increased a large amount, most of it is concentrated through the Community-based mode accounting to a 42.92%. A large departure from the ideal distribution between the delivery modes of 25%.

Note: The number of graduates have spillover from the 2022 enrollees

The data for the 2nd quarter shows a drastic increase in the total number of graduates. Noting a 294% increase compared to the previous quarter. Further, the Community-Based mode remains the largest contributor to the number of graduates out of all the delivery modes implemented; accounting for over 47% of the total number.

Table no. 6b shows an added number of delivery modes implemented as compared to the 1st quarter. Particularly, the NGA's training programs, PAFSE, and Trainings conducted in farm schools/enterprises. Although their shared contribution only accounted for 0.12% to the overall number of trainees to the Institution-Based Training delivery mode. Further, an increase of over 468% as compared to the previous quarter. Additionally, the face-to-face learning method is the largest contributor with 60%.

Table no. 7b shows a significant increase in the total number of graduates under the Institution-Based Training. Notably, a 179% or 89,216 increase as compared to the previous quarter. Additionally, the face-to-face learning method yielded the most graduates under the IBT delivery mode comprising over 51%.

Table 9 shows an added EBT method through the LGU-oriented community-based program. The same program has an overall tally amounting to 5.8% from Regions VII and XII. Further, an increase of 106% has been added wherein 35% came from the Trainings Conducted in Farm Schools/Enterprises, which is then followed by the Program on Accelerating Farm School Establishment (PAFSE) with a figure of 27%.

Table 10 shows 2 added CBT method through the 'Combination of Distance Learning and Face-to-Face' and 'Trainings Conducted in Farm Schools/Enterprises'. Of which, the aforementioned both contributed a total of 0.4% of the overall total for the CBT.

Aside from this, the overall enrollees have increased by 178% as compared to that of the 1st quarter. Of which, the 'Extension Programs of TTIs' has the largest number of enrollees with an increase of 135% from its previous number during the 1st quarter. This increase accounts for 42% of the overall total.

Table 22 shows an increase of almost 300% in the number of enrollees compared to its figure last quarter. Further, there was an added client type, which is the 'Currently Employed Workers' that wasn't included in the previous quarter. Also, the client type with the most number of enrollees are the students accounting to 26% of the number enrolled. This is followed by the Farmers and Fisherman with 19.95%.

Table 25 meanwhile shows an increase of 87.90% in its number of certified compared to the previous quarter. Similar with the previous table, the student client type also takes the lead in the number of certified, accounting for 22.30%. This too is then followed by the farmers and fishermen with 17.99% contribution to the number of certified.

All in all, from the previous tables (22, 23 % 24) and table 25, the trend is evident wherein the highest number of EGACs tend to come from the Student and Farmers and Fishermen client types.

The table shows that there is an increase of 4.38% for the number of qualifications offered by the accredited assessments centers and a 4.46% in the number of physical infrastructures that these qualifications are offered at. Although it should be noted that there is a slight decrease in the number of physical infrastructures for Regions V, IX, and X. Consequently, the number of qualifications for also went down for Regions IX and X. While BARMM on the other hand had a decrease in the number of qualifications despite retaining the same number of physical infrastructures in place.

Furthermore, the data for the competency assessors have shown a slight increase in the overall number of assessors (warm body count) by 1.2%. This increase is also mirrored in the number of qualifications they are able to assess with a 1.11% increase.

**Table 28.** Number of Assessors and Assessment Centers by Sector: 2nd Quarter 2023

Source: TESDA - Certification Office

The table above shows the continued trend similar to that of the 1st quarter wherein the Tourism sector (Hotel and Restaurant) has the most number of assessment centers with an increase of 6% from its previous figure.

Furthermore, although there were some reductions in the number of assessment centers, 15 for the HVAC sector and 1 for the Processed Foods and Beverages sector, the overall number of AC's still went up by 4.38%.

As for the number for Competency Assessors, it increased by a total number 220, but this was offset by the number of decreases as well numbering in at 64 which in turn brought down the total number to 156 amounting to a 1.12% increase.

Note: Reflected Scholarship outputs are funded under the FY 2022 Continuing Appropriation

As of June 2023, there has been a notable increase in EGACs from the different scholarships. The most notable of which is from the TWSP, wherein it had the most amount of EGACs contributed to the overall figure. Further detailing, the 54.77% or 557 increases in enrollees compared to the previous quarter, 68% of came from TWSP, followed by TTSP 27.83%, next is UAQTEA with 3.59%, and lastly is STEP .036%.

While for the graduates amounting to 82.38% or 430, TTWSP also has the highest number of graduates with 74.65%, while STEP with 11.40%, followed by both UAQTEA and TTSP with 6.98%.

The number of assessed is also similar wherein TWSP also has 74.61%. Followed by STEP 19.50% then TTSP with 5.88%.

Lastly, the certified also shows that 75.91% came from TWSP with UAQTEA contributing 23.10 % and TTSP 3.30%.

Note: Reflected Scholarship outputs are funded under the FY 2022 Continuing Appropriation

The table above shows that TWSP out of the other 4 has the most number of outputs by the regions. Additionally, its EGAC count has increased by 67.50%, 107.22%, 354.41% and 353.85% respectively from their previous quarter figures.

Also, it should be noted that despite its fewer count, the STEP program has had a remarkable jump in the number of certified holders wherein there was a nearly 9x increase from its previous figure last quarter.

Overseas	3	3
<b>Total</b>	<b>17,508</b>	<b>1,290</b>

As of June 2023, there was an increase of 289 in the number of currently registered programs. However, this increase was offset by the number of decreases, totaling to 218, with the majority of them coming from Regions IX, III, and the NCR of 89, 51, and 43 respectively. As a result, the net increase in the overall total was just 71, or 0.41%. On the other hand, newly registered programs showed a significant surge from their previous figure of 482 in the last quarter to 808, indicating a growth of 167.63%. Among these, Regions III, VII, and XI stood out with the highest number of added registered programs: 131, 125, and 80, respectively.

Source: TESDA - Certification Office

Note: Current Range is as of June 30, 2023

New Range is from January 2023 to June 30, 2023

As of June 2023, there has been an increase of 0.4% in the currently registered programs and 267% for the newly registered programs. Of which, the Agricultural sector has the most number of additions to its currently registered programs with 74 which is equivalent to 2.57% for this quarter. This is then followed by the Construction sector with 60 or 4.20%, and the Tourism sector by 46 or 1.13%.

Furthermore, it should be noted that of the 26 sectors, 8 or nearly 1/3 experienced downturns in the number of their currently registered programs. The total number of reductions is 145 and the number of decreases range from 3 (lowest) to 41 (highest). Of which the Social, Community Development and Other Services sector had the most amount of decrease with 41 or 3.82%, while the Aviation sector had the least amount of loses with just 1 but in terms of percentages, 9.09%.

**Table 39.** Number of Current and Newly TVET Provider by Region: 2nd Quarter 2023

REGION	Current TVET Provider	Newly Registered TVET Provider
NCR	588	24
CAR	115	7
I	242	12
II	179	7
III	495	24
IV-A	525	34
IV-B	189	17
V	242	5
VI	222	8
VII	311	17
VIII	197	6
IX	174	10
X	330	13
XI	254	14
XII	185	6
CARAGA	139	5
BARMM	183	10
Overseas	2	2
<b>Total</b>	<b>4,572</b>	<b>221</b>

The table above for the 2nd quarter shows an increase of 0.2% in the total number of current TVET providers. While the overall addition of the newly registered from the start of 2023 up to the 2nd quarter rose 97.32% from its previous figure.

Although Region IV-A has had the highest number of newly registered TVET provider, it fails to overtake NCR in the top spot for having the highest number of TVET providers with 588.

It should be noted that despite the previous 112 increase, this has been offset by the number of providers whose licenses/certifications to provide services have expired. Hence the net increase of only 13 from the 4,559.

The table above shows that there was an increase of 143 for the 'Currently Registered TVET provider', but this increase was offset by the number of decreases, amounting to 128, hence an increment of only 15 was reflected. Of which, the Agricultural sector had the greatest number of additions to its registered TVET providers at 58. While the Tourism sector has the greatest number of TVET providers at comprising 23.94% compared to the latter sector of 17.19%.

Additionally, there was an increase of 117% for the 'Newly Registered TVET Provider', wherein the Agricultural sector as well has the greatest number of newly registers TVET providers followed closely by the Tourism sector.

Source: TESDA - Certification Office

Note: Current Range is as of June 30, 2023

New Range is from January 2023 to June 30, 2023

The TVET provider were counted based on their training qualification offerings. If various qualifications are offered, the provider were counted for each sector.

**Table 41.** Number of TVET Providers (Private and Public) by Region: 2nd Quarter 2023

The table shows that there is a slight increase (50) in the number of TVET providers in the private sector, but this was negated by the decreases in other regions (37), hence the net increase of 13. The public sector on the other hand breaks even with an increase of 10 for Region 2, but it is nonetheless balanced by decreases in CAR (2), Regions IV-A (1), VI (1), XI (1), and BARMM (2).

Furthermore, aside from the NCR having the greatest number of TVET providers (13.56%) in the private sector, this is then followed by Regions III (11%), and IV-A (12.01%), the subsequent Regions makeup the Greater Manila Area (GMA) and comprise 36.57% (1,516) of all the TVET providers in the private sector.

The data for the 2nd quarter shows that there was an increase in NTTC holders across the board in the number of qualifications amounting to 12.44% and their warm body count accounting to 16.63%.

Of which, NCR has the most number for both number of qualification holders accounting to 12.14% of the total count for NTTC qualification holders, and their warm body count accounts to 12.43% for the entire warm body count, while Region VI on the other hand had the greatest number of NTTC qualification holders added numbering at 32.88% increase from its previous figure.

**Table 50.** Number of NTTC holders by Sector: as of 2nd Quarter 2023

The NTTC Holder were counted based on qualification title of the certificate. If the individual is holder of multiple qualifications in different sector, the holder was counted for each sector.

The tourism sector has had the greatest number of NTTC holders added to their roster accounting to 11.39% increase from the previous quarter. Consequently, the same sector also scores the highest number accounting to 24.92% of the overall NTTC holders. Similarly, the agricultural sector retains its standing with the greatest number of NTTC holders after the tourism sector. Garnering a total of 16.17% increase to its roster from its previous figure.

It should also be noted that the creative sector, which was previously not included in the 1st quarter, is now shown here to have 1 NTTC holder.

Furthermore, there was an overall increase in the number of NTTC holders accounting to 12.44% increase from the previous quarter.

As of June 2023, the number of partnership classifications has increased from the previous 9 of the previous quarter to the current 13, wherein the new additions were from the classifications of Cooperative, Corporate Foundations, GOCC's, and Industry Associations/ Industry Councils. Whose total partner classifications total to 4.9%.

Further, similar to that of last quarter, the MSMEs still have the greatest number of partnerships established wherein the most were from Region II numbering at 27.38% from the MSME total or 14.24% from the overall total. It should also be taken note that Region II has partnerships with most of the classifications except for the Corporate Foundation, following next are the partnerships from the individual with 13.90% of the overall total, and Private companies with 13.49%.
