## TECHNICAL EDUCATION AND SKILLS DEVELOPMENT AUTHORITY

## Major Programs and Projects Classified According to Three Key Result Areas as of June 2017

Program/Project	Description/Rationale	
KRA 1: "Transparent, Accountable and Participatory Governance"		
TESDA Office Performance Commitment and Review (OPCR)	In line with Civil Service Commission (CSC) Memorandum Circular No. 6, Series of 2012, TESDA's Strategic Performance Management System (SPMS) is a mechanism that links employee performance with organizational performance. The OPCR summarizes the targets, performance measures, budget and responsibility centers of the agency. It also serves as basis for individual performance targets and measures to be prepared in the Individual Performance Committment and Review (IPCR).	
Labor Market Intelligence Reports (LMIRs)	LMIRs provides insights on current trends, issues and challenges confronting TESD and the local and international labor market, both demand and supply.	
Training Standards Development	The program aims at developing standards that will align middle-level skills	
Training Regulations	qualifications with the industry standards. The competency standards shall	
Competency Based Curriculum	be the bases in assessing the middle-level skilled workers or TVET	
Competency Assessment Tools	trainees/graduates through the competency assessment and certification.	
National Technical Education and Skills Development Plan (NTESDP)	The NTESDP is a sectoral development plan which provides directions, sets goals, and provides strategies for the sustainable development of skilled workforce based on broader development policies and key employment generators of a particular area (provincial, regional and national levels) and covers a 6-year period.	
Information System Strategic Plan (ISSP)	The ISSP is a three (3) year architectural blueprint which maps the ICT direction of the agency. This is a DBM requirement for the approval of the budget for ICT programs and resources within the period.	
K to 12 Program	This program covers Kindergarten and 12 years of basic education (six years of primary education, four years of Junior High School, and two years of Senior High School [SHS]) to provide sufficient time for mastery of concepts and skills, develop lifelong learners, and prepare graduates for tertiary education, middle-level skills development, employment, and entrepreneurship.	

Citizenle Cherter	In compliance with the Apti Ded Targe Act (ADTA) of 2007, TEODA structure
Citizen's Charter	In compliance with the Anti-Red Tape Act (ARTA) of 2007, TESDA displays
	its service standards in the form of information billboards posted at the
	main entrance of offices or at conspicuous places, and in the form of
	published materials that detail the procedure to obtain a particular service,
	the person(s) responsible for each step, the maximum time to conclude the
	process, the document(s) to be presented by the customer, the amount of
	fees, and the procedure for filing complaints. The Citizen's Charter provides
	information on the services offered by TESDA to the public.
Service Charter	In compliance with the Anti-Red Tape Act (ARTA) of 2007, TESDA displays
	its service standards in the form of information billboards posted at the
	main entrance of offices or at conspicuous places, and in the form of
	published materials that detail the procedure to obtain a particular service,
	the person(s) responsible for each step, the maximum time to conclude the
	process, the document(s) to be presented by the customer, the amount of
	fees, and the procedure for filing complaints. The Service Charter provides
	information on the services offered by TESDA to its officials and
	employees.
ISO Certification	In compliance with EO 605 dated February 23, 2007 directing the adoption
	of the ISO 9001:2000 Quality Management Systems as part of the
	implementation of a government-wide quality management program,
	TESDA has embarked on its quality journey towards ISO 9001 certification
	for its core processes of program registration, assessment and certification,
	and development of standards. TESDA acquired its first ISO 9001:2008
	certification in 2012 and is currently working towards its re-certification
	under ISO 9001:2015 standard.
Quick Response Mechanism to Citizen's Feedback	In line with TESDA's quality policy which measures the worth of the
	organization by the satisfaction of the customers it serves, various
	approaches are utilized to secure and respond to Citizens' feedbacks and
	clarifications/queries.
TESDA Efficiency and Integrity Board	In line with Department Order No. 109, series of 2011, TESDA established
	its Efficiency and Integrity Board. The Board aims to promote efficiency and
	integrity in the organization by formulating a comprehensive Efficiency and
	Integrity Development Plan (EIDP), and monitoring the observance of the
	TESDA Code of Conduct of employees, among others.

KRA 2: "Poverty Reduction and Empowerment of the Poor and Vulnerable"	
Competency Assessment and Certification	A program that aims at assessing and certifying the competencies of the
	middle-level skilled workers through Philippine TVET Competency
	Assessment and Certification System (PTCACS).
Trainers Training	Trainers Training is the training and development of TVET Trainers aligned
	to industry requirements.
Trainers Certification	The assessment and certification of TVET Trainers aims to qualify and
	certify the current pool of trainers to raise the bar of Trainer/Assessor
	qualification in the areas of technology and methodology for quality
	assurance. To attain the appropriate National TVET Trainer Certificate
	(NTTC) Level I or II, the trainer must acquire NC Level of the qualification
	appropriate in the programs being handled but not lower than NC II; and
	acquire the Trainers Methodology Certificate (TMC) I or II.
Proactive Job-Skills Matching Process (Seek-Find-Train) Technical Vocational	
Education and Training (TVET)	
TVET Scholarship	
Training for Work Scholarship Program (TWSP)	The TWSP is a program intervention directed towards meeting the job
	requirements of priority industries and sectors. It aims to provide skills and
	competencies to job seekers through appropriate training programs that are
	directly connected to existing jobs for immediate employment. This is also
	supportive of the government's thrust of rapid, inclusive and sustained
	economic growth.
Private Education Student Financial Assistance (PESFA)	The program that will afford education grants to deserving students in
	private post-secondary non-degree TVET course in line with the skills
	requirements of the priority sectors identified in the National Technical
	Education and Skills Development Plan; a financial assistance program for
	incoming freshmen enrolled in private schools in priority courses deemed
	necessary for national development.
Special Training for Employment Program (STEP)	STEP is a community-based specialty training program that addresses the
	specific skills needs of the communities and promote employment,
	particularly through entrepreneurial, self-employment and service-oriented
	activities. Training programs offered are generally short-term or modules
	based on the Training Regulations promulgated by TESDA.

Universities and Colleges (SUCS), Local Colleges and Universities (LCUs), Higher Education Institutions (HEIs), TESDA Technology Institutions (TTIs), and in training centers such as Local Government Unit (LGU)-mapnover centers, Regional Training Centers (RTCS), and Provincial Training Centers (PTCs). Job-Bridging Internship Program (JBIP) / Blue Desks	One of the structures of the TESDA's Job Linkaging and Networking
	Services which provides frontline service such as: 1) client inquiries on the
	job vacancies/opportunities, scholarships and TVET programs; 2)
	disseminate Labor Market Information (LMI) using digitial and printed
	materials using IECs; 3) establish linkages with government such as
	PESO, DOLE or public employment office and private organizations for LMI
	and employment services and others; 4) establish and maintain database
	of client served and profiled; 5) provide Post-training Career Advising and
	other similar activities; and (6) refer and/or link TVET graduates to
	government and non-government organizations for business development
	support.
