and Skills Development Authority

Webliography

The Webliography is an electronic bibliographic listing of topics related to the qualification titles of a particular TVET priority sector, with pre-searched *URLs* (uniform resource locators) and descriptions (abstracts).

The pre-searched *URLs* provide contents in reference to the title of promulgated Training Regulations (TR). By clicking the weblinks (underlined *URLs* in blue text), your internet browser will direct you to the website/webpage where you can find the topic related to the title you selected. The Webliography is a useful tool for trainers who are designing and developing competency-based curriculum and learning materials.

List of qualifications:

- Barangay Health Services NC II
- Biomedical Equipment Servicing NC II
- Caregiving NC II
- DentalHygiene NC IV
- Dental Laboratory Technology Services NC I
- Dental Laboratory Technology Services NC II
- Dental Laboratory Technology Services NC II (Fixed Dentures)
- Dental Laboratory Technology Services NC II (Removable Dentures Appliances)
- Dental Technology NC IV
- Emergency Medical Services NC II
- Health Care Services NC II
- Hilot (Wellness Massage) NC II
- Massage Therapy NC II
- Ophthalmic Lens Servicing NCII
- Pharmacy Services NC II

❖ Health education

https://www.who.int/topics/health_education/en/

This webpage provides definition and meaning of health education that pertains to a combination of learning experiences designed to help individuals and communities improve their health, by increasing their knowledge or influencing their attitudes.

[Retrieved April 1, 2019]

❖ What is Community Development?

<http://www.peernetbc.com/what-is-community-development>

This webpage defines community development as a process where community members come together to take collective action and generate solutions to common community problems.

[Retrieved April 1, 2019]

❖ Community tool box

<http://ctb.ku.edu/en/table-of-contents/analyze/analyze-community-problems-and-solutions/social-determinants-of-health/main>

This webpage provides information and guide in addressing social determinants of health and development in the community. The community tool box contains chapters of other community-related information and guides.

[Retrieved April 1, 2019]

❖ What is Community Health?

<https://www.reference.com/world-view/community-health-336640421677c4e1>

This webpage describes community health as a concept that focuses specifically on the different health characteristics of biological communities.

[Retrieved April 2, 2019]

❖ The Philippine Health System Review

http://www.wpro.who.int/philippines/areas/health_systems/financing/philippines_health_system_review.pdf

This webpage provides a document that states the health situation in the Philippines through a survey conducted from 1990 to 2008.

[Retrieved April 2, 2019]

INTERNET RESOURCES

Barangay Health Services NC II

Core Competencies:

- Work within a community development framework
- Prepare for work in the community service industry
- Support community resources
- Provide primary / residential care
- Support community participation
- Recruit and coordinate volunteers
- Respond holistically to client issues
- Develop and provide health education program in the community
- Implement health promotion and community interventions

❖ Guidance-Community Development Framework

<https://www.gov.uk/guidance/community-development-framework>

This webpage provides an overview of community framework which aims to help in developing a community of practice within the government.

[Retrieved April 2, 2019]

❖ The Philippine Services Sector and APEC

http://www.neda.gov.ph/wp-content/uploads/2015/11/APEC-primer-on-services_comp4.pdf

This webpage provides an overview of the services sector in the country and in the Southeast Asian region.

[Retrieved April 2, 2019]

❖ Community Services

<https://www.upskilled.edu.au/your-career/industry/community-services>

This webpage provides information on community development services in Australia.

[Retrieved April 2, 2019]

❖ Strategy 8: Preparing educators to work

<http://cec.vcn.bc.ca/cmp/modules/pm-pln.htm>

This webpage from Rochester, New York, USA provides instructions on how educators can work effectively with families. It also provides tips for better school, family and community collaborations.

[Updated April 2, 2019]

❖ Primary Health Care (PHC) in the Philippines

<https://nurseslabs.com/primary-health-care/>

This webpage provides information on primary health care for individuals and families in the community.

[Retrieved April 2, 2019]

❖ How to Organize Volunteers

<https://www.wikihow.com/Organize-Volunteers>

This webpage provides a guide in organizing volunteers for daily operation.

[Retrieved April 2, 2019]

❖ 3 Ways to Recruit Volunteers for your Nonprofit

<https://www.thebalancesmb.com/recruit-volunteers-for-your-nonprofit-2502581>

This webpage provides a guide in recruiting volunteers for nonprofit organizations.

[Retrieved April 2, 2019]

❖ Respond holistically to client issues

<https://etraining.communitydoor.org.au/course/view.php?id=5>

This webpage provides a course guide in responding to client issues.

[Retrieved April 2, 2019]

❖ Community-based health programs

http://tcdc2.undp.org/GSSDAcademy/SIE/Docs/Vol6/Community_based.pdf

This webpage provides an overview of the community-based health programs in the Philippines.

[Retrieved April 2, 2019]

❖ Health Promotion and Non-Communicable Diseases in the Philippines, Current Status and Priority Policy Interventions and Actions

<http://www.ateneo.edu/asg/publication/02/08/14/health-promotion-and-non-communicable-diseases-philippines-current-status>

This webpage provides information on health and well-being of Filipinos. The article focuses on how countless choices are affecting our way of life.

[Retrieved April 2, 2019]

❖ Health Promotion

<http://www.healthjustice.ph/?cat=13>

This webpage provides an update on health issues in the Philippines.

[Retrieved April 2, 2019]

INTERNET RESOURCES

Biomedical Equipment Servicing NC II

Core Competencies:

- Install biomedical equipment
- Perform corrective maintenance on biomedical equipment
- Perform preventive maintenance on biomedical equipment
- Repair biomedical equipment
- Assess and refer biomedical equipment

Caregiving NC II

Core Competencies:

- Provide care and support to infants/toddlers
- Provide care and support to children
- Foster social, intellectual, creative and emotional development of children
- Foster the physical development of children
- Provide care and support to elderly
- Provide care and support to people with special needs
- Maintain healthy and safe environment
- Respond to emergency
- Clean living room, dining room, bedrooms, toilet and bathroom
- Wash and iron clothes, linen and fabric
- Prepare hot and cold meals

❖ Biomedical equipment services

http://www.dremed.com/biomedical_services.php

This webpage offers preventive maintenance, repair and service to biomedical equipment. It also offers other biomedical services through its links.

[Updated April 2, 2019]

❖ Occupational outlook handbook: Medical equipment repairers

<http://www.bls.gov/ooh/Installation-Maintenance-and-Repair/Medical-equipment-repairers.htm>

This webpage describes the duties and tasks of medical equipment repairers.

[Updated April 2, 2019]

❖ Basic Installation Steps of Medical Equipment

<http://www.iambiomed.com/article/497/Installation-steps-of-Medical-Equipment>

This webpage provides a guide in installing medical equipment.

[Retrieved April 2, 2019]

❖ How to Maintain Your Medical Equipment and Cut Costs

<https://www.soyringconsulting.com/newsletter/how-to-maintain-your-medical-equipment-and-cut-costs>

This webpage provides a guide in maintaining biomedical equipment.

[Retrieved April 2, 2019]

❖ Medical Equipment Preventive Maintenance and Why You Need It?

<http://www.cardiopartners.com/blog/medical-equipment-preventive-maintenance-need/>

This webpage provides a guide in performing preventive maintenance to medical equipment.

[Retrieved April 2, 2019]

❖ How Can I Learn to Fix Medical Equipment?

https://learn.org/articles/How_Can_I_Learn_to_Fix_Medical_Equipment.html

This webpage provides an overview on the role of a biomedical technician.

[Retrieved April 2, 2019]

❖ How to qualify to be a caregiver for the elderly at home

http://www.ehow.com/how_5697160_qualify-caregiver-elderly-home.html

This webpage provides information and instructions on how to learn and qualify to be a caregiver at home.

[Updated April 2, 2019]

❖ 4 Types of Questions to Ask in a Caregiver Interview

<https://www.homecarepulse.com/articles/4-types-of-questions-to-ask-in-a-caregiver-interview/>

This webpage features the 4 types of questions to ask in a caregiver interview: Direct, behavioral, Hypothetical and Skills questions.

[Retrieved April 2, 2019]

❖ Skills for caregivers

http://www.ehow.com/info_8356555_skills-caregivers.html

This webpage provides information on the skills required of a caregiver. These are communication and social skills, safety for physical aspects, and diseases, life-saving skills.

[Updated April 2, 2019]

❖ Promoting Social-Emotional Development in Your Child

<https://www.lapetite.com/blog/2015/02/promoting-social-emotional-development-in-your-child/>

This webpage provides information on promoting the well-being of children to set their entire development in the future.

[Updated April 4, 2019]

❖ Promoting Healthy Physical Development in Your Child

<https://www.childtime.com/blog/2016/06/promoting-healthy-physical-development-in-your-child/>

This webpage provides information on promoting healthy physical child

INTERNET RESOURCES

growth and development.
[Updated April 4, 2019]

❖ How to Care for Elderly

<https://www.wikihow.com/Care-for-the-Elderly>

This webpage provides an illustrated guide in caring for the elderly.
[Updated April 4, 2019]

❖ Provide Appropriate Support to People with Special needs

<https://www.scribd.com/presentation/88661664/Provide-Appropriate-Support-to-People-With-Special-Needs>

This webpage describes people with special needs as a term used in clinical and functional development to describe individuals who require assistance for disabilities that may be medical, mental or psychological.

[Updated April 4, 2019]

❖ Ways of Maintaining a Healthy, Safe Learning Environment for Children

<https://classroom.synonym.com/ways-safe-learning-environment-children-7817241.html>

This webpage provides information on maintaining healthy and safe environment for children through education.

[Updated April 4, 2019]

❖ How to Respond to Emergency

<https://www.wikihow.com/Respond-to-an-Emergency-Alert>

This webpage provides a guide in responding to emergency situations.
[Updated April 4, 2019]

❖ How to Become a Caregiver in California

<https://careertrend.com/how-to-become-a-caregiver-in-california-13650519.html>

[Retrieved April 11, 2019]

❖ **Dental hygienist training & education**

http://www.ehow.com/about_7220142_dental-hygienist-training-education.html

This webpage provides information from the American dental hygienist association about the job, work schedules, salary and other job opportunities of a dental hygienist.

[Updated April 11, 2019]

❖ **Service learning in dental and dental hygiene education**

<https://www.slideshare.net/vrhrc/service-learning-in-dental-and-dental-hygiene-education>

This webpage provides information in dental hygiene education which includes learning experiences in community and service learning.

[Updated April 11, 2019]

❖ **Dental laboratory technology**

<http://www.ada.org/en/home-ada/education-careers/careers-in-dentistry/dental-team-careers/dental-laboratory-technology>

This webpage from American Dental Association provides information in dental laboratory technology including career advantages, opportunities, earning potential a video about the technology.

[Updated April 11, 2019]

❖ **Dental Laboratory Materials**

<https://www.dentalcompare.com/Dental-Lab-Products/4283-Dental-Laboratory-Materials/>

This webpage provides information on the types of materials required in a dental laboratory to perform various tasks.

[Retrieved April 11, 2019]

❖ **Correctly Using Your Base Plate Bite Rims to Record Measurements**

<https://blog.ddslab.com/correctly-using-your-base-plate-bite-rims>

This webpage provides information on using denture occlusal rims, or bite rims to record the patient's bite.

[Retrieved April 11, 2019]

❖ **Three Steps to Accurately Mounting Models**

<https://www.speareducation.com/spear-review/2013/05/three-steps-to-accurately-mounting-models>

This webpage provides information on using patient's centric bite records to actually mount the models.

[Retrieved April 11, 2019]

❖ **Fabricating Mouthguards**

<http://medical.tpub.com/14275/css/Fabricating-Mouthguards-209.htm>

This webpage provides information on the fabrication of mouthguards with illustrations

[Retrieved April 11, 2019]

Dental Laboratory Technology Services NC I

Core Competencies

- Fabricate models
- Fabricate custom impression trays
- Fabricate registration bite rims
- Articulate models and transfer records
- Fabricate mouthguard

INTERNET RESOURCES

Dental Laboratory Technology Services NC II Fixed Dentures)

Core Competencies

- Fabricate metal crown and bridge structures
- Fabricate ceramic restorations
- Fabricate indirect composite/polymer fixed restorations
- Join alloy structures

Dental Laboratory Technology Services NC II (Removable Dentures Appliances)

Core Competencies

- Arrange artificial teeth for complete dentures
- Set-up and wax removable partial dentures
- Wax, process and finish acrylic dentures and appliances
- Fabricate thermo formed bases and appliances
- Repair and modify dentures and appliances
- Fabricate oral splints
- Fabricate orthodontic appliances
- Fabricate cast metal removable partial denture framework

❖ The Philippine dental act of 2007

<http://dental.dentistry.ph/law-ethics/philippine-dental-act-2007/>

This webpage provides information on the Philippine dental act regulating practice of dentistry, dental hygiene and dental technology.

[Updated April 11, 2019]

❖ 5 steps to fabricating crown and bridge models

This webpage provides the procedures in fabricating crown and bridge models.

[Updated April 11, 2019]

❖ Fabrication of Zirconia-Reinforced Lithium Silicate Ceramic Restorations Using a Complete Digital Workflow

<https://www.hindawi.com/journals/crid/2015/162178/>

This webpage provides information in fabricating monolithic all-ceramic restorations using zirconia-reinforced lithium silicate.

[Updated April 11, 2019]

❖ Indirect Resin Composites

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC3010022/>

This webpage provides information in using direct composite restoration in posterior teeth as an alternative to ceramics.

[Updated April 11, 2019]

❖ Structure of metals and alloys

<https://pocketdentistry.com/1-4-structure-of-metals-and-alloys/>

This webpage provides information about the structure and composition of metals and alloys used in dentistry.

[Updated April 11, 2019]

❖ Removable Dentures

<https://dentalworks.com/Removable-Dentures>

This webpage provides information about removable dentures, their types advantages and disadvantages.

[Retrieved April 12, 2019]

❖ Arrangement of artificial teeth for complete denture

<http://www.authorstream.com/Presentation/aliaa2012-1823432-arrangement-artificial-teeth-complete-denture/>

This webpage provides a slide presentation on the arrangement artificial teeth for complete denture. Includes illustrations and transcript.

[Retrieved April 12, 2019]

❖ How to fabricate flexible removable partial dentures

<http://www.dentalproductsreport.com/lab/article/how-fabricate-flexible-removable-partial-dentures?page=0,1>

This webpage provides information on the fabrication of flexible removable partial dentures with the aid of computer aided design.

[Retrieved April 12, 2019]

❖ Fabrication of interim acrylic resin removable partial dentures with clasps

<https://www.sciencedirect.com/science/article/pii/S0022391378900707>

This webpage provides information on the fabrication of interim acrylic resin removable partial dentures with little time spent on adjustment and correction.

[Retrieved April 12, 2019]

❖ Clear aligners, EMAs, Sports Guards & NTIs

<https://www.crawfordlab.com/invisible-retainer/>

This webpage provides information on the use of thermo-forming machine to form the denture material precisely to the model that saves time in fabrication.

[Retrieved April 12, 2019]

INTERNET RESOURCES

❖ What is a Dental Splint?

<https://www.wisegeek.com/what-is-a-dental-splint.htm>

This webpage provides information on the application of dental splint to align and protect the teeth treat people with jaw problems and snoring.

[Retrieved April 12, 2019]

❖ Removable Orthodontic Appliances for Tooth Movement

<https://www.slideshare.net/UDDent/removableorthodonticappliancesroa2>

This webpage provides a slide presentation on the application of removable orthodontic appliances for moving teeth to proper position in the mouth.

[Retrieved April 12, 2019]

❖ Caring for Dentures

<https://www.webmd.com/oral-health/guide/caring-dentures#1>

This webpage provides tips on how to clean and maintain dentures.

[Retrieved April 12, 2019]

❖ How to File Down Dentures

<https://www.wikihow.com/File-Down-Dentures>

This webpage provides tips on how to adjust dentures to fit the mouth of the user.

[Retrieved April 12, 2019]

❖ Ace Dental Education

<http://www.acedentalresource.com/dental-procedures/dental-technology/>

This webpage provides information on advancements in new dental technology solutions for traditional oral health problems. This includes CAD/CAM, Laser technologies, Sedation Dentistry, Dental implants, Air abrasion, Digital X-rays, Intraoral camera, NTI-tss devices, Composite resins and digital photography.

[Updated April 11, 2019]

❖ How to Make a Model of Permanent Teeth

<http://www.intelligentdental.com/2011/10/05/how-to-make-a-model-of-permanent-teeth/>

This webpage provides information and guide in making 3-dimensional models of patient's teeth and gums.

[Updated April 11, 2019]

❖ 3D Printing Dental Clear Aligners

<https://sprinray.com/digital-dentistry/clear-aligners/>

This webpage provides information on in-office fabrication of clear aligners using 3D printed models.

[Updated April 11, 2019]

❖ The Custom Impression Tray: Fabrication and Utilization

<https://www.dentistrytoday.com/dental-materials/2602-the-custom-impression-tray-fabrication-and-utilization>

This webpage provides information on the fabrication and utilization of custom impression tray that determines the accuracy of fitting of the final impression.

[Updated April 11, 2019]

❖ The Custom Impression Tray: Fabrication and Utilization

<https://www.dentistrytoday.com/dental-materials/2602-the-custom-impression-tray-fabrication-and-utilization>

This webpage provides information on the fabrication and utilization of custom impression tray that determines the accuracy of fitting of the final impression.

[Updated April 11, 2019]

❖ Semi-Processed Bite Rims for Dentures

<https://www.dentistrytoday.com/prosthodontics/prosthetics/1723>

This webpage provides information in using bite rims to produce accurate models for making dentures.

[Updated April 11, 2019]

❖ How to Fix a Broken Denture- Expert Denture Repair

<http://www.shordental.com/how-to-fix-a-broken-denture-expert-denture->

Dental Technology NC IV

Core Competencies

- Fabricate models
- Fabricate custom impression trays
- Fabricate registration bite rims
- Articulate models and transfer records
- Fabricate mouthguard
